Continue booking

Here you will be able to click on the dropdown to select how long you would like the court booking to be. Within our booking rules, you will be able to set a minimum and maximum time that the courts can be booked for. Once the booking duration has been selected, and any participants added then you can proceed with clicking on the 'Continue booking' button at the bottom of the overlay.

Court Booking VENUE confirmation

Book another court

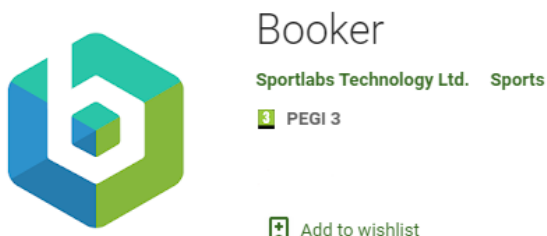

View my bookings

Once confirmed you will be able to view your bookings by clicking on the 'View my bookings' button. Or click on 'Book another court' and select a court for another day.

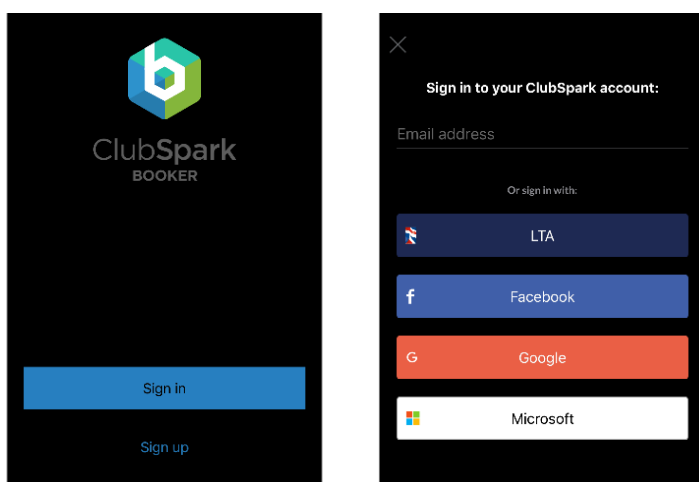

App:

The ClubSpark Booker App is available for download on iOS and Android. The Booker app is designed for members/players to be able to make court bookings quickly and on the move.

Step 1:

To use the Booker app, you will first need to **'Sign in'**. Please ensure that you are using the same login details as on the desktop site.

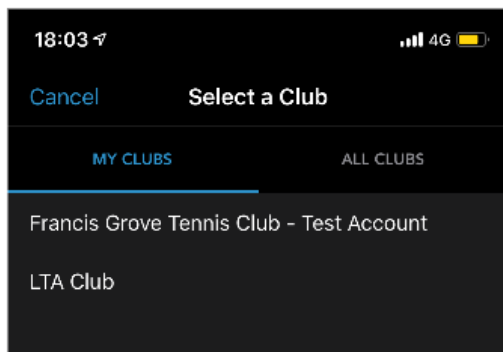

Once you are signed in, you will be able to view your upcoming bookings, previous bookings, and make a new court booking. To make a court booking via the app, you will first need to click on the blue **'Book A Court'** button at the bottom of the screen.

Step 2:

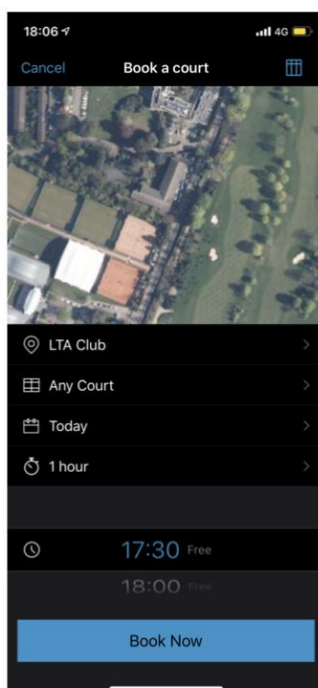

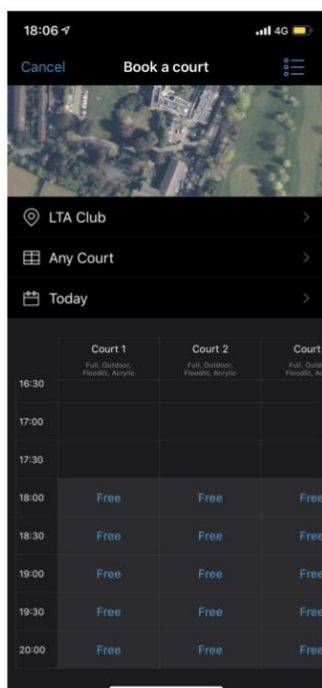

The app will first take you to 'My Clubs' which will include venues that you are a member at or have previously made a court booking. Please search for Wythall Tennis Club and select our club.

Step 3:

Once you have selected Wythall Tennis Club, you will be taken to the following screen where you will be able to **select which court, time, date and duration**.

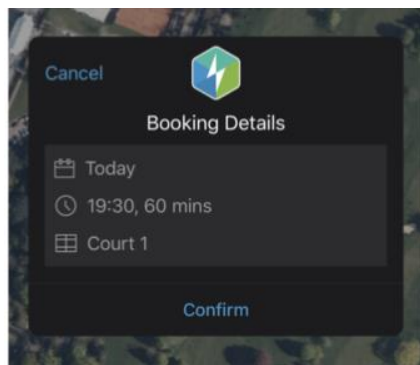

You will be able to view this as a table, like on the booking sheet via the website, or as a scroll system.

Step 4:

Once you have selected your court, you will be taken to the following screen where you will be able to confirm your court booking. Click '**Confirm**' to book the court.

Once your booking is confirmed, it will now appear under your 'Upcoming' bookings. As the app is linked with WTC, it will also appear on our online booking sheet via desktop.
